You are now ready to connect your I-Lighting System to the MiBoxer Smart app

Add the I-Lighting Controllers to the WiFi Network and the MiBoxer Smart app

**①**

Tap Add Device, or the '+' in the top right corner

(If the device does not pop up, then you may need to hold the SET button on the controller for three seconds until the green light begins blinking)
②
If the device automatically appears…

Tap "Go to add"

If the device does not appear…

Tap "Auto Scan"

③

Enter or select your WiFi network and enter the WiFi password

NOTE: The network you select MUST be 2.4 GHz. If you select a 5 GHz network, the process will fail
