

Hardscape Light Instructions

- 1 Install the power supply with the instructions given.
- 2 Turn the system on by removing the photo eye (unplug the photo eye micro-connector from the power supply).
- 3 Connect the T-cable to the light by plugging the 30" lead into the light.
- 4 Connect the power supply to the first easy plug connector cable or hardscape light by plugging together the black connectors.
- 5 Install the hardscape lights where desired.
- 6 Space the lights apart by plugging together the black connectors on the connector cables into the light.
- 7 Continue to connect all the lights by plugging together each T-cable.
- 8 Reconnect the photo eye when installation is complete.
