- 1 If the photo eye is on the side of the box, mount the power supply where it is exposed to ambient light. If not, the power supply can be mounted under the deck with the 6' photo eye lead. To mount photo eye, clean surface area with the alcohol swab provided. Remove tape backing and adhere eye to the clean area.
- 2 Be sure the control box is mounted with the arrow pointing up and use the screws provided.
- 3 Plug the power supply into an outdoor AC outlet.

**\*\*\*To ensure a water tight seal, push connectors together**
