

iluma Hardscape Light Instructions

- 1 Install the power supply with the instructions given.
- 2 Turn the system on by removing the photo eye (unplug the photo eye micro-connector from the power supply)
- 3 Locate where the light will be mounted.
- 4 Ensure the mounting surface is free of loose debris by cleaning with a wire brush or cloth. For proper adhesion, mounting surface must be 50 degrees Fahrenheit or warmer.
- 5 Connect the light to the small connector on the T-cable.
- 6 Connect the power supply to the first T-cable by plugging together the black connectors.
- 7 Continue to connect all the lights by plugging together each T-cable.
- 8 Remove the double back tape on the lights and adhere the light to the location desired.
- 9 Reconnect the photo eye when installation is complete.
