

iluma Stair Light Kit Instructions

① Plug the power cord into a 110 outlet.

② Locate where the light will be mounted and clean the area with the alcohol swabs provided.

③ Remove the double back tape and adhere the light to the bullnose.

④ Connect the light to the small connector on the T-cable.

⑤ Connect the power supply to the first T-cable by plugging together the black connectors.

⑥ Continue to connect all the lights by plugging together each T-cable
